

# 2018-19 *FIRST*<sup>®</sup> LEGO<sup>®</sup> League

## Sycamore *FIRST*<sup>®</sup> LEGO<sup>®</sup> League Qualifier

Saturday, December 1, 2018

Edwin H. Greene Intermediate School | Cincinnati, OH

## Welcome!

Welcome to the second annual Sycamore *FIRST*<sup>®</sup> LEGO<sup>®</sup> League Qualifier. The staff and parents at Sycamore Community Schools have coached *FIRST*<sup>®</sup> LEGO<sup>®</sup> League teams for more than a decade. In the past four years, the school district has expanded its efforts to include *FIRST*<sup>®</sup> programs in all six of its buildings. This year, we also sponsored several *FIRST*<sup>®</sup> LEGO<sup>®</sup> League Jr. teams.

Thank you for supporting today's participating teams as they compete in this "sport of the mind." You will be amazed at the engineering, the research, and the energy these teams demonstrate.

Five teams from this tournament will be invited to advance to the Cincinnati *FIRST*<sup>®</sup> LEGO League District Qualifier held on Jan. 5, 2019.

## About *FIRST*<sup>®</sup> LEGO<sup>®</sup> League

In *FIRST*<sup>®</sup> LEGO<sup>®</sup> League, children are immersed in real-world science and technology challenges. Teams design their own solution to a current scientific question or problem and build autonomous LEGO robots that perform a series of missions. Teams also demonstrate *FIRST*<sup>®</sup> LEGO<sup>®</sup> League Core Values.

## INTO ORBIT<sup>SM</sup> Challenge

Join our mission into the 30th season of *FIRST*<sup>®</sup>! Prepare for blast off, break out of your earthly constraints and go INTO ORBIT<sup>SM</sup>. The 2018/2019 *FIRST*<sup>®</sup> LEGO<sup>®</sup> League season will transport your team into space, where you'll explore, challenge, and innovate in the vast expanse of space.

For the complete INTO ORBIT Challenge details, visit <http://www.firstlegoleague.org/challenge>.

## About FIRST®

FIRST® (For Inspiration and Recognition of Science and Technology) was founded in 1989 by inventor Dean Kamen to inspire young people's interest and participation in science and technology. FIRST provides a progression of four global, after-school programs for K-12: the FIRST® Robotics Competition for Grades 9-12 (ages 14 to 18); the FIRST® Tech Challenge for Grades 7-12 (ages 12 to 18); the FIRST® LEGO® League for Grades 4-8 (ages 9 to 16; ages vary by country); and the FIRST® LEGO® League Jr. for Grades K-4 (ages 6 to 10).

## Tournament Awards

Volunteer Award

Coach/Mentor Award

Judges Award

Robot Performance Award

Project Award

Core Values Award

Robot Design Award

Champion's Awards

## Thanks to Our Volunteers!

It takes a small army of Volunteer support to make this tournament a special event for teams. We could not provide this opportunity without their support!

## Thanks to Our Global Program Sponsors!
